

Board Policy

Grades/Evaluation Of Student Achievement

BP 5121

Students

The Governing Board believes that grades serve a valuable instructional purpose by helping students and parents/guardians understand performance expectations and identifying the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's academic performance.

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 5125.2 - Withholding Grades, Diploma or Transcripts)

The Superintendent or designee shall establish a uniform grading system that shall be applied to all students in that course and grade level. Teachers shall inform students and parents/guardians how academic performance will be evaluated in the classroom.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

A teacher shall base a student's grades solely on the quality of the student's academic work and his/her mastery of course content based on district standards. Students shall have the opportunity to demonstrate this mastery through a variety of methods, including, but not limited to, tests, projects, portfolios, and/or class discussion as appropriate. Other elements that are not a direct measure of knowledge and understanding of course content, such as attendance, effort, student conduct, and work habits, shall not be factored into the academic grade but may be reported separately.

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

Whenever a student misses an assignment or assessment due to either an excused or unexcused absence, he/she shall be given full credit for subsequent satisfactory completion of the assignment or assessment.

(cf. 6154 - Homework/Makeup Work)

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

At all grade levels, report cards may include reports of student progress on specific academic standards applicable to the course and grade level.

When reporting student performance to parents/guardians, teachers may add narrative descriptions, observational notes, and/or samples of classroom work in order to better describe

student progress in specific skills and subcategories of achievement.

A report card for a student with a disability may contain information about his/her disability, including whether that student received special education or related services, provided that the report card informs parents/guardians about their child's progress or level of achievement in specific classes, course content, or curriculum. However, transcripts that may be used to inform postsecondary institutions or prospective employers of the student's academic achievements shall not contain information disclosing the student's disability.

(cf. 5125 - Student Records)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

A grade assigned by the teacher shall not be changed by the Board or the Superintendent except as provided by law, Board policy, or administrative regulation. (Education Code 49066)

(cf. 5125.3 - Challenging Student Records)

The Superintendent or designee shall determine the methodology to be used in calculating students' grade point average (GPA), including the courses to be included within the GPA and whether extra grade weighting shall be applied to Advanced Placement, International Baccalaureate, honors, and/or concurrent postsecondary courses.

(cf. 6141.4 - International Baccalaureate Program)

(cf. 6141.5 - Advanced Placement)

(cf. 6172 - Gifted and Talented Student Program)

(cf. 6172.1 - Concurrent Enrollment in College Classes)

Grades and Evaluation

The Superintendent or designee shall inform teachers of the district's policy regarding grading, including expectations that grades shall be based on factors that directly measure students' knowledge and skills in the content area and shall not include nonacademic factors.

Report cards displaying students' grades in each subject or course shall be distributed to parents/guardians at the end of each grading period. Parents/guardians shall be offered an opportunity to meet with their child's teacher(s) to discuss the grades and strategies to improve their child's performance.

(cf. 6020 - Parent Involvement)

Whenever it becomes evident to a teacher that a student is in danger of failing a course or subject area, the teacher shall arrange a conference with the student's parent/guardian or send the parent/guardian a written report. (Education Code 49067)

(cf. 5123 - Promotion/Acceleration/Retention)

For each student in grades 9-12, the Superintendent or designee shall maintain a transcript recording the courses taken, the term that each course was taken, credits earned, final grades, and date of graduation.

(cf. 5125 - Student Records)

(cf. 6146.1 - High School Graduation Requirements)

Grades for Academic Performance

For grades TK - 2, students' level of progress towards academic standards for each grading period shall be reported as follows:

3: Proficient Performance

2: Approaching Performance

1: Minimal Performance

For grades 3-5, students' level of progress towards academic standards for each grading period shall be reported as follows:

4: Standard Exceeded

3: Standard Met

2: Standard Nearly Met

I: Standard Not Met

For grades TK-5, students' level of effort for each grading period shall be reported as follows:

E: Excellent

S: Satisfactory

U: Unsatisfactory

For grades 6 -12, grades for academic performance shall be reported for each grading period as follows:

A (90-100%) Outstanding Achievement 4.0 grade points

B (80-89%) Above Average Achievement 3.0 grade points

C (70-79%) Average Achievement 2.0 grade points

D (60-69%) Below Average Achievement 1.0 grade points

F (0-59%) Little or No Achievement 0 grade points

I Incomplete 0 grade points

An Incomplete shall be given only when a student's work is not finished by the end of the grading period because of illness or other excused absence. If not made up within six weeks, the Incomplete shall become an F.

Because of the more rigorous nature of Advanced Placement courses, students receiving a grade of A or B in those courses shall receive extra grade weighting as follows:

A (90-100%) Outstanding Achievement 5.0 grade points

B (80-89%) Above Average Achievement 4.0 grade points

C (70-79%) Average Achievement 2.0 grade points

(cf. 6141.4 - International Baccalaureate Program)

(cf. 6141.5 - Advanced Placement)

(cf. 6172 - Gifted and Talented Student Program)

(cf. 6172.1 - Concurrent Enrollment in College Classes)

Grades for Physical Education

No grade of a student participating in a physical education class may be adversely affected due to the fact that the student, because of circumstances beyond his/her control, does not wear standardized physical education apparel. (Education Code 49066)

(cf. 6142.7 - Physical Education and Activity)

Student performance in high school physical education courses shall be based upon evaluation of the student's individual progress, attainment of goals in each instructional area, tests designed to determine skill and knowledge, and physical performance tests. (5 CCR 10060)

High school students using interscholastic athletic participation to fulfill physical education requirements, as authorized by Education Code 51242, may be graded on this participation provided a teacher credentialed to teach physical education supervises this participation and assigns the grade.

(cf. 6145.2 - Athletic Competition)

Grades for College Courses

When the district has approved a student to receive district credit for coursework completed at a community college or four-year college, he/she shall receive the same letter grade as is granted by the college.

Grades for Citizenship and Work Habits

Any grades assigned for citizenship or work habits, such as effort or study skills, shall be reported as follows:

O Outstanding

S Satisfactory

N Needs Improvement

Pass/Fail Grading

The Superintendent or designee may identify courses or programs for which students may, with parent/guardian permission, elect to earn a Pass or Fail grade instead of a letter grade.

Students who receive a Pass grade shall acquire the appropriate semester units of credit for the course. The grade shall not be counted in determining class rank, honors list, or membership in the California Scholarship Federation. Students who receive a Fail grade shall not receive credit for taking the course.

Peer Grading

At their discretion, teachers may use peer grading of student tests, papers, and assignments as appropriate to reinforce lessons.

Repeating Classes

With the approval of the principal or designee, a student may repeat a course in order to raise his/her grade. Both grades received shall be entered on the student's transcript, but the student shall receive credit only once for taking the course. The highest grade received shall be used in determining the student's overall grade point average (GPA).

Withdrawal from Classes

A student who drops a course during the first six weeks of the grading period, or three weeks on a 4x4 block schedule, may do so without any entry on his/her permanent record card. A student who drops a course after the first six weeks or three weeks on a 4x4 block schedule of the grading period shall receive an WF grade on his/her permanent record, unless otherwise decided by the principal or designee because of extenuating circumstances.

Effect of Absences on Grades

Teachers who choose to withhold class credit because of excessive unexcused absences shall so inform students and parents/guardians of such a possibility at the beginning of the school year or semester. When a student reaches the number of unexcused absences defined as excessive in Board policy, the student and parent/guardian shall again be notified of the district's policy regarding excessive unexcused absences.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

The student and parent/guardian shall have a reasonable opportunity to explain the absences. (Education Code 49067)

If a student receives a failing grade because of excessive unexcused absences, the student's record shall specify that the grade was assigned because of excessive unexcused absences. (Education Code 49067)

Grades for a student in foster care shall not be lowered if the student is absent for any reason specified in Education Code 49069.5.

(cf. 6173.1 - Education for Foster Youth)

Grade Point Average

The Superintendent or designee shall calculate each student's GPA using the grade point assigned to each letter grade in accordance with the scale described in the section "Grades for Academic Performance" above. The grade points for all applicable coursework shall be totaled and divided by the number of courses completed. Pass/Fail grades shall not be included in the determination of a student's GPA.

(cf. 5126 - Awards for Achievement)

(cf. 6145 - Extracurricular and Cocurricular Activities)

When plus and minus designations are added to letter grades, they shall not be considered in determining GPA.

Note: Education Code 69432.9 provides that all students in grade 12 will be considered Cal Grant applicants unless they opt out of the program. The GPA of all students in grade 12 who have not opted out of the program shall be submitted to the Student Aid Commission. See AR 5125 - Student Records for related requirements.

Each academic year, the Superintendent or designee may provide to the Student Aid Commission the GPA of all district students in grade 12, except for students who have opted out or are permitted by the rules of the Student Aid Commission to provide test scores in lieu of the GPA.
