

WASHINGTON UNIFIED SCHOOL DISTRICT

ADOPTED BUDGET

FISCAL YEAR 2014-2015

WASHINGTON UNIFIED SCHOOL DISTRICT

BUDGET ASSUMPTIONS 2014-2015 WITH NARRATIVE SUMMARY

The Washington Unified School District (WUSD) budget was developed using the base program model which the Board of Education approved at its meeting on May 13, 2010.

Introduction

As the Board of Education (BOE) considers a positive certification of the proposed budget for 2014-2015, it must recognize that the budget that is being presented is based on Governor Brown's May Revision which was presented on May 13, 2014. Should the Legislature approve a budget that is materially different, a revised budget will be presented to the BOE at the appropriate time.

Regarding the May Revision, the Governor projects revenues to be \$2.4 billion higher, but total K-14 (Proposition 98) spending in the May Revision will only increase by \$242 million. This increase is largely dedicated to cover increases in services due to projected ADA growth. The most significant change in terms of the Washington Unified School District's budget planning since the Governor's January budget release is the proposal to begin immediately addressing the STRS unfunded liability with increased employer, employee, and state contributions starting in 2014-15. The impacts of this proposal are discussed later in this narrative.

Revenues for the budget were developed using the Local Control Funding Formula (LCFF) and a portion of the expenses were defined within the Local Control Accountability Plan (LCAP). Fiscal year 2013-2014 was the first year that the LCFF funding methodology was used and it remains unknown if the calculations that the District is making to project revenues is in line with calculations performed by the California Department of Education.

As with past practice, the overall development of the budget for fiscal year 2014-2015 was based upon the Governor's May Revise proposal for funding allocated to K-12 education. Revenue under the LCFF increased in fiscal 2014-2015 by 11.93%. The Unrestricted General Fund, Fund 01 is balanced with a surplus of \$554,540. This financial position allows the Board of Education and the Administration the opportunity to improve programs and services through the LCAP, restore prior unfunded positions, provide for employee salary enhancements, and contribute to the unfunded retirement liability of the CalSTRS and CalPERS retirement systems.

The Multi-Year Projection shows the District to be in a strong financial position; it's best since 2008-2009. However, it should be noted that the Multi-Year Projection does not have any dollars set aside for future salary and benefit negotiations nor increases in LCAP expenditures. The Multi-Year Projection shows the District to be in a position of fiscal solvency and therefore warrants a positive certification.

The major assumptions for the fiscal year 2014-2015 Budget are:

UNRESTRICTED REVENUE ASSUMPTIONS

LOCAL CONTROL FUNDING FORMULA (LCFF) OVERVIEW The LCFF is intended to provide a funding mechanism that is simple and transparent while allowing local educational agencies (LEAs) maximum flexibility in allocating resources to meet local needs. While the formula itself is relatively straightforward, the transition from revenue limit funding to the LCFF is very complex. The primary cause for this complexity is the state's commitment to ensuring all LEAs are funded at no less than they received in 2012-13 and that it will take eight years to fully fund the LCFF. This is simple in concept and initially complex in application. The following describes only the basic components of the formula and transition into the LCFF.

The most distinct difference between the former revenue model and the LCFF relates to the role and impact of COLA during the transition years. Under the former model, COLAs (and their deficits) played the central role in determining increases in year-over-year funding. Under the LCFF, COLAs are one step in the formula's calculation and have four driving factors which are: (1) the Average Daily Attendance (ADA); (2) Unduplicated Count of students that qualify for free or reduced lunch, are an English language learner, or are foster youth; (3) Percentage of Gap Funding; and (4) COLA.

In addition there are several other factors that are included in the calculation of funding for each school district in the state. For the Washington Unified School District, some of the factors are calculated but do not apply. For those factors that apply, the most significant are noted in the following paragraphs.

K-3 Grade Span Adjustment (GSA) The base grant for the K-3 grade span increases by an addon of 10.4%. The intent of this adjustment is to cover the costs associated with smaller class sizes in grades K-3, including transitional kindergarten, to an average by school site of no more than 24:1 (or a locally bargained alternative ratio) at full implementation of the LCFF.

During implementation of the LCFF, and as a condition of receipt of this adjustment, districts will be required to either: 1) Have a class size ratio of 24:1 or less at each school site in 2013-14 and maintain that ratio in the future; 2) Collectively bargain an alternative class size ratio for this grade span, or; 3) Show adequate progress toward meeting the goal of 24:1 each year until full implementation of the LCFF.

For the Washington Unified School District, the current collective bargaining agreement is to attempt to maintain a class size ratio of 20:1. The funding associated with this adjustment for the 2014-15 fiscal year is estimated at \$1,181,605.

Supplemental and Concentration Grants Education Code Section 42238.02 increases the LCFF base grant by a supplemental grant and a concentration grant. These are determined by the district's or charter school's unduplicated count of pupils who are eligible for free and reduced price meals, or who are classified as English learners or as foster youth. The use of these funds is subject to the regulations adopted by the State Board of Education at its January 14, 2014 meeting.

The supplemental grant is equal to 20% of the grade span base grant as increased by the grade-span adjustments of 10.4% in K-3 and 2.6% in 9-12, multiplied by the unduplicated pupil count percentage calculated above.

If the District's unduplicated pupil count percentage exceeds 55% then the district or charter school will receive a concentration grant. The concentration grant is equal to 50% of the grade span base grant for each applicable grade level, after being increased by the additional adjustments for the K-3 and 9-12 grade span adjustments. For the Washington Unified School District, its 69.53% unduplicated percentage is expected to generate a concentration grant of 14.53% of its ADA.

The following charts are a result from the LCFF Calculator 2014-2015 Budget Development funding model. The three charts providing data for the variables of target funding, entitlement funding, and minimum proportional percentage.

Chart #1 shows the target calculation of the LCFF including the GSA and Supplemental and Concentration grant funding.

In Chart #2, the LCFF Entitlement Calculation, shows an increase in funding of \$5,688,395, or an 11.93% increase. The increase in a result of the State funding the gap between the entitlement and last year's funding at a rate of 28.05%.

Chart #3 identifies the minimum proportional percentage (MPP) for the budget year and two subsequent years. Note that the funding levels include prior year funding for the EIA program and other funding spent on the targeted populations. As such, the proportionality increase is based on the difference. For fiscal 2014-2015, the MPP amount is \$2,915,675.

Common Core Implementation Grant To support the implementation of the Common Core State Standards, apportionments were made from funds provided in Assembly Bill (AB) 86, Section 85. Apportionment letters were issued August 23, 2013. School districts, county offices of education, charter schools, and state special schools receiving these funds may encumber the funds any time during the 2013-14 or 2014-15 fiscal years. Districts could expend funds for any of the following purposes: 1) Professional development for teachers, administrators, and paraprofessional educators or other classified employees involved in the direct instruction of pupils that is aligned to the academic content; 2) Instructional materials aligned to the academic content standards referenced above; 3) Integration of the academic content standards through technology-based instruction for purposes of improving the academic performance of pupils.

For the Washington Unified School District, these funds total \$1.4M and, as a condition of receiving the funds, the District had to develop and adopt a plan delineating how funds shall be spent. The plan was explained in a public meeting of the District's governing board before its adoption in a subsequent public meeting. For the 2014-2015 fiscal year, the budget assumes that the remaining Common Core Implementation Grant funds will be fully expended by June 30, 2015.

Categorical Funding Philosophy Shift The enacted State Budget eliminates most state categorical program funding, except for a few programs funded outside the LCFF. See Appendix A for a list of the programs folded into the LCFF.

The State Budget maintains funding and program requirements for the following categorical programs (Regulated Programs):

| Resource | Program Name |
|----------|--|
| 6010 | After School Education & Safety Program |
| 7010 | Agricultural Vocational Education (proposed to be rolled into LCFF in 2014-15) |
| 7210 | American Indian Early Childhood Education (2014-15 COLA .86%) |
| 0000 | Assessments |
| 7365 | Foster Youth Services Programs (2014-15 COLA .86%) |
| 7220 | Partnership Academies |
| 7400 | Quality Education Investment Act |
| 6500 | Special Education |
| 6055 | State Preschool |

Williams Act: Funding is absorbed by the LCFF, but the requirements are still in place. It is expected that LCFF funds will be used to meet the requirements.

Deferred Maintenance: Education Code Section 17582 is amended. While funding for deferred maintenance is part of the base in the LCFF, the responsibility for maintaining district facilities becomes part of a district's Local Control Accountability Plan (LCAP).

Lottery: Lottery funding is calculated in the same manner as prior years, with the exception of the inclusion of ROP ADA and Adult Education ADA. Government Code 8880.5(a)(2) extended lottery funding based on the 2007-08 ROP ADA and Adult Education ADA through 2014-15. Under current law these two ADA counts will no longer be part of the lottery calculation for 2015-16 and beyond. This could mean a significant drop in lottery funding for some agencies.

The CDE estimates that the lottery will provide \$156 per ADA (\$126 per ADA in unrestricted lottery revenues and \$30 per ADA in Prop. 20 revenues) for 2014-15. The lottery rate will produce revenues of \$928,746 unrestricted and \$221,130 Prop 20 restricted.

Mandated Costs: The adopted budget increases the Mandate Block Grant (MBG) allocation by \$50 million, and the funds will be distributed to districts with high schools for graduation requirements. The budget suspends a variety of other mandates outside the MBG. Districts opting to accept the MBG will receive \$28 per ADA for grades K-8, and \$56 per ADA for grades 9-12. Charter schools will receive \$14 per ADA for grades K-8, and \$42 per ADA for grades 9-12. COEs will receive \$29 per ADA grades K-8 and \$57 per ADA grades 9-12. The Governor proposes adding three additional mandates to the block grant starting in 2014-15 - Uniform Complaint Procedures, Public Contracts, and Charter Schools IV - without proposing any increase to the amount of the block grant.

Routine Restricted Maintenance: LEAs continue to have flexibility to reduce the contribution to 1% (or 0% if in compliance with Williams) through 2014-15, and then the 3% requirement returns. The requirements under the Williams Act remain. Districts should review their routine maintenance needs and ensure that Williams Act requirements are met and that students are housed in facilities that are safe, clean and in good repair.

Enrollment Assumption For the 2014-2015 fiscal year, enrollment is anticipated to be flat for budgeting purposes. At the time of budget development, enrollment that had been trending upwards appeared to be leveling off. As such, the budget model was adjusted to be in line with conservative budgeting practices and maintains the current enrollment levels by grade span. The enrollment to average daily attendance (ADA) is 95.8% which results in the following assumption:

| | 2012-13 | 2013-14 | 2014-15 | 2015-16 | 2016-17 |
|-----|----------|----------|----------|----------|----------|
| ADA | 6,999.63 | 7,133.82 | 7,133.82 | 7,133.82 | 7,133.82 |

Chart #4 – ADA Assumptions

RESTRICTED REVENUE ASSUMPTIONS

Special Education Revenues for special education will continue to be funded outside the LCFF and are projected using the Yolo SELPA AB 602 funding model. Revenues are estimated to be \$2,018,639. This assumption applies a COLA the Governor proposes at 0.85%, which is estimated to be \$4.39 per ADA. The estimated deficit in special education funding is 4.1%.

The state has convened a Special Education Task Force to focus on identifying the vision and mission for students with disabilities, and to propose possible reforms. The task force is expected to issue recommendations in late 2014. See the following two web links for more details on the task force:

http://www.cde.ca.gov/be/pn/pn/ssetfprojectsummary.asp http://www.smcoe.k12.ca.us/spedtf/Pages/default.aspx

In January, the Governor's proposed language would have authorized the CDE to assess a fee on District's that acquire accessible instructional materials for the visually impaired through the CDE clearinghouse. At the May Revision, this proposal was withdrawn.

Federal Revenues Federal Special Education revenues are projected at \$1,277,306 and are based on the Yolo SELPA PL94-142 allocation model. Federal NCLB funding (Title II, Title III, etc.) is estimated to be \$2,239,420.

Federal Funding Sequestration On January 18, 2014, the President signed the Consolidated Appropriations Act, which finalized fiscal year (FY) 2014 funding for all government agencies including Education and ends the possibility of further sequestration cuts in FY 2014. However, the Budget Control Act is still in effect until 2023, and its sequestration elements still could come into play in future years. The Labor, Health and Human Services and Education section of the Consolidated Appropriations Act funds Title I at \$14.38 billion with a \$624.5 million increase above the FY 2013 sequestration level. IDEA funding for FY 2014 is \$11.4 billion with a \$497.9 million increase above the FY 2013 sequestration level. This represents a 4.5% funding increase for Title I and IDEA above the FY 2013 sequestration level. These increases partially restore the 5.23% sequestration cuts these programs experienced in FY 2013. Districts receiving Impact Aid funding will see the FY 2013 5.23% sequestration cuts restored in FY 2014 because Impact Aid is now funded at \$100 million above its pre-sequestration FY 2013 level.

For the 2014-15 school year, which is funded with FY 2014 funds, the District expects a 4.5% increase in funding for Title I and IDEA above the FY 2013 sequestration levels. The Perkins Career and Technical Education program will be funded at 5.0% above the FY 2013

UNRESTRICTED AND RESTRICTED EXPENDITURE ASSUMPTIONS

The District is well versed in the task of projecting known costs including personnel costs like step and column movement associated with existing bargaining agreements, and other well-established costs and associated inflation trends such as utilities, insurance premiums, consumable materials, existing contracts for services, non-voter approved debt service, etc. The challenge comes in trying to estimate changes in expenditures that are likely and yet not known with certainty, and to build in flexibility for contingencies.

The most significant is the potential future cost(s) that could be associated with the implementation of the LCAP. These cost(s) will be associated with the requirement to provide increased or improved services associated with the minimum proportional percentage (MPP) requirement. In addition, the District will not be responsible for funding previous categorically funded programs such as instructional materials, career technical education, deferred maintenance, and professional development just to name a few.

Local Control Accountability Plan The Local Control and Accountability Plan (LCAP) represents a fundamental shift in how the District will plan for as well as be held accountable for LCFF funding for all pupils. Accordingly, the District is expected to and has developed a budget and accountability plan for fiscal 2014-15 reflecting LCFF funding and structures. The State Board of Education's (SBE) approved spending regulations which have been incorporated into the District's LCAP which has locally defined goals and actions for all students, with particular emphasis on English learner, low income and foster youth pupils. Further, the LCAP will demonstrate how services are provided to meet the needs of unduplicated pupils and improve the performance of all pupils in the state priority areas.

Prior to being adopted, the LCAP must be presented at a public hearing held by the District's governing board to solicit recommendations and comments from the public. The LCAP and budget public hearings must be held at the same meeting. The public hearing must take place in advance of, and at a meeting separate from, the board meeting to adopt the LCAP and the District's annual budget (EC 42127 and 52062). The LCAP and fiscal 2014-2015 Budget public hearing is being held on June 12, 2014 and the adoption of both plans is scheduled for June 26, 2014.

As a summary statement, the LCAP is intended to address the needs of all students by clearly defining the investments the District will make and the actions it will take to support student success. The District's LCAP process engaged stakeholders, supports transparency and promotes accountability at the local level. This process will assist the District in preparing a performance-based plan that addresses the local needs, aligned with local approaches and local conversations. The result is a local story that emphasizes a progression of continuously improving services to promote student success over the three years covered by the LCAP.

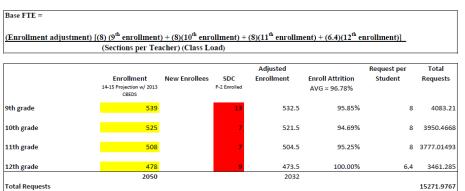

Staffing Assumptions District enrollment projections are: Grades K-3 - 2,457; Grades 4-8 - 2,845; Grades 9-12 - 2,143 for a total enrollment of 7,444. In comparison to the 2013 CBEDS report, enrollment is expected to be flat as noted in the Revenue section above.

RCHS is being staffed based on the formula approved in the base program. This formula, assuming an enrollment of 2,050 students, creates a base FTE of 77.13.

The K-8, K-5, and K-2 programs are being staffed at the following ratios:

Note: the exception to the above is at Elkhorn Elementary which is a QEIA school which requires a teacher / student ratio of 25:1 in grades 4 thru 8. This ratio is funded by QEIA funds thru fiscal 2014-15. Once program participation ends, the classes will adjust to the above ratios which will require a certificated staffing reduction affecting a potential certificated layoff.

Site Administrator staffing is at the level of the base program.

Salaries and Benefits The cost of salaries and benefits in the fiscal 2014-2015 Budget are based on actual staffing costs reflective of staff identified in position control. Salaries include an estimate for the cost of funding the salary increase due to the Washington Teacher's Association (WTA) and California School Employees Association (CSEA) collective bargaining agreements. In addition, salary cost increases are budgeted to reflect step and column movements equal to an increase of approximately 2%. Substitute, extra pay and professional growth increments are budgeted based on an analysis of 2012-2013 year-to-date data.

In addition to salary, estimated employee benefits will be budgeted as follows:

Certificated Employees

| STRS | 9.50% |
|--------------------------|-----------------|
| Medicare | 1.450% |
| UI | 0.05% |

| Health & Welfare | \$10,940 annual |

Retirement Systems The Washington Unified School District will also be expected to bear some of the cost associated with the unfunded liability in both the CalPERS and the CalSTRS retirement systems. Both systems are anticipating increase in rates as shown in the tables below:

CalSTRS Actual and Proposed Rates

The impact to the budget year for the Washington Unified School District is significant. For CalPERS, the rate increase will cost the District as an employer an additional \$35,000. The rate increase in the CalSTRS system will cost the District as an employer an additional \$370,000.

Where program guidelines for categorical or federal programs require a cap on the indirect cost rate, the State approved rate will be adjusted accordingly.

OTHER MATTER OF FISCAL INTEREST

Cash Management The Governor's 2014-15 May Revision calls for the acceleration of \$742.2 million in inter-year budgetary deferrals attributable to fiscal years 2012-13 and 2013-14. The acceleration is offset by a reduction of \$742.2 million in ongoing Proposition 98 for proposed 2014-15 deferral repayments. The changes brought forth by the 2014-15 May Revision result in no change for the District from the fiscal 2014-15 January Budget Proposal since all intra-year and inter-year deferrals are still proposed to be fully eliminated in fiscal 2014-15.

At their peak in 2011-12, K-12 deferrals totaled \$9.4 billion. For 2013-14, inter- year deferrals totaled \$5.6 billion. The Governor's 2014-15 Budget proposes to eliminate the remaining \$5.6 billion in inter-year deferrals.

Cross Fiscal Year Principal Apportionment Deferrals K-12 principal apportionment cross fiscal year deferrals have declined from \$7.4 billion in 2012-13 to \$5.6 billion in 2013-14 (see table below). The Governor is proposing to eliminate all cross fiscal year deferrals in 2014-15.

Education Protection Account The Education Protection Account (EPA) provides Districts with general purpose state aid funding pursuant to Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012. These temporary taxes are set to expire as follows: 2016, additional ¼ cent sales tax expires; 2018, increase to personal income tax for high income earners expires.

The EPA funding is a component of an LEA's total revenue limit or charter school general purpose entitlement. EPA entitlements will continue to be calculated on revenue limit entitlements even under the LCFF. EPA will be apportioned quarterly in September, December, March, and June.

Multiyear Projections Districts are required by law to project revenues and expenditures for the budget year and the two subsequent fiscal years. To make multiyear projections, the Districts rely on a variety of assumptions and sources of information available at the time the projection is created. This projection is known as a multi-year projection (MYP).

The further into the future a projection is made, the greater the likelihood the variables used to create the projection will deviate from assumed values. Subsequent year projections are predicated on trying to forecast variables that are entirely outside the control of the District, including the actions of current and future elected officials and the direction of the global, national and state economy. The implementation of the LCFF has in some ways increased the uncertainty for the District because it is new and unfamiliar, and it has a varying impact from district to district.

The increases associated with LCFF gap funding are significantly higher than funding provided to LEAs over the past seven (7) years. For the District, estimated increases in 2015-16 and 2016-17 are \$4.8M and \$2.4M respectively as shown below in Chart #5 – 2014-2015 Budget MYP LCFF Entitlement Calculation.

CHART #5 – 2014-2015 BUDGET MYP LCFF ENTITLEMENT CALCULATION

As this level of funding in unprecedented and the State's economy is showing signs of slowing down, an assumption that the LCFF gap funding will materialize is a best case scenario. There are already additional pressures being put on the Legislature to restore prior year funding cuts in areas of the budget other than education.

The Board of Education's budget philosophy has been more conservative in nature and the MYP in prior years has been calculated to illustrate more of a "middle of the road" or "worst-case scenario" so that risk(s) can be highlighted. With fiscal 2013-2014 being the first year of the LCFF, the MYP for the Budget Report continues to assume a more conservative increase in funding as shown below in Chart #6 – 2014-2015 Budget MYP.

CHART #6 - 2014-2015 BUDGET MYP

GENERAL FUND CONCLUSION

Overall the District's fiscal position continues to improve. With the potential influx of revenues in future years that the Local Control Funding Formula promises to bring, the District's long awaited recovery continues. However, with the implementation of the LCAP, caution is warranted as the variables that the LCAP can bring are still unknown. In addition, the Legislative Analyst's Office forecasts surpluses in the State's budget over the next five (5) fiscal years. The surpluses assume that spending is flat; an assumption that may be a temptation the Legislature cannot resist. In the interim, the District must continue to be prudent in the deployment of the Local Control Accountability Plan which, aligned with the Board of Education's 2014 Goals, will help guide the spending habits of the District for the next three (3) years.

ALL OTHER FUNDS

It is important to note that <u>none</u> of the following funds currently budgeted for fiscal 2014-2015 require a contribution from the unrestricted general fund with the exception of the Adult Education Fund and Child Development Fund as noted in each funds revenue assumptions.

ADULT EDUCATION – FUND 11

REVENUE ASSUMPTIONS

Adult education funds continue to be folded into the LCFF and are intended to be flexible for any educational purpose. However, the enacted 2013-2014 budget changed provisions for adult education from the status quo to maintenance of effort model for two years. For the 2013-14 and 2014-15 fiscal years only, the District is required to expend no less for the adult education program than the amount spent in the 2012-13 fiscal year. Maintenance of Effort compliance has been added to the Audit Guide for the 2014-2015 fiscal year.

As noted, revenues for the Adult Education program are part of the LCFF and are accounted for in the general fund. A transfer will be made during the fiscal year to the Adult Education program as budgeted. In addition, transfers made into the Adult Education Fund from the General Fund are in an amount not to exceed Adult Education Fund expenditures; leaving the fund with an ending fund balance of zero. As a result of this contribution, this fund does not require the Board of Education to "commit" any of the funds under the rules of GASB #54.

EXPENDITURE ASSUMPTIONS

Projected expenditures are in line with Maintenance of Effort requirements based on spending in fiscal year 2012-13. Year-over-year expenditures are down roughly \$18,000 due to the one-time purchase of books and supplies in fiscal 2013-14.

CHILD DEVELOPMENT – FUND 12

REVENUE ASSUMPTIONS

The 2014-15 budget does not include funding for cost of living adjustments (COLA) for child development programs. Fees still must be assessed and collected for families with children in part-day preschool programs, families receiving wraparound childcare services, or both; fees cannot exceed 10% of the family's total income. The budget includes \$10 million to serve an additional 3,300 full-day children in general child care programs, alternative payment programs, and migrant child care.

For the local budget, the Child Development is currently budgeted to be a deficit program for fiscal 2014-15 in the amount of \$98,949.80. This deficit does not include last minute changes the legislature included in the State Budget that will increase the revenue stream of the fund.

The Administration will work with the Program Administrator to continue to assess the fund and ensure controls are in place to mitigate and / or eliminate the projected deficit. An update on the status of the deficit will be presented during the First Interim report with an estimate of the potential contribution needed from the General Fund to balance the Child Development Fund.

EXPENDITURE ASSUMPTIONS

The staffing ratio for the preschool program is 1:8.

The staffing for the Child Development program is in line with the anticipated enrollment and takes into consideration partnership agreements with the YCOE HeadStart program and the City's UP4WS program.

CAFETERIA – FUND 13

REVENUE ASSUMPTIONS

Federal revenue was budgeted based on historical participation data.

State and Local Revenues were adjusted based on historical participation as well as third party vending services that the Cafeteria fund provides; i.e. summer foods program; service provided to the West Sacramento Early College Prep Charter; service provided to Holy Cross, etc.

EXPENDITURE ASSUMPTIONS

All expenditures were projected based on historical participation. Expenses were adjusted to compensate for fluctuation in revenues and services being provided.

CAPITAL FACILITIES – FUND 25

The payment of developer fees and redevelopment agency proceeds are accumulated in Fund 25. The district uses these funds to pay for new facility needs as well as the modernization of existing facilities. The fund has a beginning fund balance of \$11,448,135. Currently, the Certificate of Participation (COP) that the district issued for the new high school requires an annual debt service payment, which is made from this fund.

REVENUE ASSUMPTIONS

The budgeted revenue for developer fees to be collected this year is \$1,700,000.00.

Redevelopment agency fees are estimated at \$1,000,000.00.

Interest earnings are estimated at \$300,500.00.

EXPENDITURE ASSUMPTIONS

As noted above, the annual COP payment on the new high school is made from this fund. The debt service cost for this year is \$4,755,841 with \$1,095,342 being reimbursed by the City of West Sacramento.

In addition to the COP payment, the following projects are planned for fiscal 2014-2015:

- a. Phase #1 Bryte to Career Technical Education Campus estimated to cost \$1,200,000.
- b. Replace / Modernize portable classrooms at Southport estimated to cost \$150,000.000.
- c. Minor renovation at the Alyce Norman campus.

DEBT SERVICE – FUND 56

This fund is the debt service fund for the QSCB and CREB issuance the District issued for Solar Power Phase #1 and #2. This fund is used to accumulate dollars for the balloon payment due on the QSCB in the 15th year as well as the annual payments for the CREB.

REVENUE ASSUMPTIONS

Revenue from interest earnings and general fund transfers are anticipated to be \$944,954.00.

EXPENDITURE ASSUMPTIONS

Per the Yolo Auditor/Controller, expenditures for this fund are anticipated to be \$887,614.00.

WUSD SCHOLARSHIPS – FUND 73

This fund holds scholarship monies for two trusts: The Reuter Family Trust Fund and the Virginia Ortiz Scholarship Fund. Scholarships are paid from these two trusts to graduating seniors to further their education.

REVENUE ASSUMPTIONS

The only revenue assumed for this fund is interest earnings of \$200.00.

EXPENDITURE ASSUMPTIONS

The only expenditures assumed for this fund are annual scholarship awards in the amount of \$2,100.00.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

7. CRITERION: Facilities Maintenance

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.
