DRAFT
Measure V Citizens' Bond Oversight Committee
Annual Report to the Public
For Expenditures Made from February 22, 2023, to June 30, 2023

Background

On November 4, 2014, the voters of West Sacramento approved Measure V, which stated:

“To protect quality education locally with funding that cannot be taken by the State, shall Washington Unified School District reconstruct, renovate and repair aging elementary school classrooms and other school facilities, remove dry rot/mold and replace leaking roofs/windows, make classrooms accessible for disabled students; and provide up-to-date classrooms, science/computer labs, career technology education facilities by issuing \$49.8 million dollars in bonds at legal rates, with independent oversight, with no money for administrators and with all funds staying local?”

The list of potential projects eligible for Measure V bond expenditures is included in Exhibit A to the Board of Education’s Resolution 1314-24, adopted on June 26, 2014¹.

Committee and Members

With the passage of Measure V, the Board of Education for the Washington Unified School District was required to establish an independent Citizen Bond Oversight Committee (Committee), in accordance with California *Education Code* Section 15278. The purpose of the Committee is to ensure bond proceeds are expended only for the school facilities projects listed in Exhibit A.

Clarification on Committee Role

The Committee does not have a role in choosing or selecting the projects executed by the Washington Unified School District that utilize Measure V funds. Additionally, on November 3, 2020, the voters of West Sacramento passed a new facilities school bond, Measure Z. This Committee does not have a role in the oversight of the funds from Measure Z. For additional information about Measure Z, including their respective Oversight Committee, please visit the Measure Z Facilities School Bond webpage at <https://www.wusd.k12.ca.us/Departments/Business-Services/Facilities-Construction--Planning/School-Bonds/Measure-Z/index.html>.

Committee Conclusion

Based on the Audit Reports for Fiscal Year 2022/2023 and two *Citizens' Bond Oversight Committee Reports* by Key Analytics, the Committee has concluded, for expenditures made between February 22, 2023, to June 30, 2023:

- 1) Expenditures have generally been used “for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities,”
- 2) No funds were used for any “teacher and administrator salaries and other school operating expenses,” and
- 3) Expenditures, including those coded as undesignated, were spent in accordance with Exhibit A.
