Selecting Your Doctor: At the time of enrollment, you will select a primary care physician (PCP) close to your home or work to allow reasonable access to care. Your PCP is responsible for coordinating your medical care. Search for your current doctor or find a new PCP at mywha.org/directory.

While your PCP will treat most of your health care needs, if he or she determines that you require specialty care, you will be referred to an appropriate provider. With WHA’s Advantage Referral program, you have choices for specialists beyond the medical group of your selected PCP. Learn more at mywha.org/referral.

NOTES

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA’s contracted rates with the provider of service.

2. The annual out-of-pocket maximum is the total amount that the member must pay for certain services in a calendar year.

3. Generally, all non-emergency care must be accessed through your Primary Care Physician (PCP) within WHA’s provider network. Obstetrical and gynecological services may be obtained directly without a PCP referral.

4. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.

5. With the exception of pediatric vision exams, copayments for vision and hearing examinations do not contribute to the out-of-pocket maximum.

6. See Copayment Summary for applicable prosthetic/orthotic device copayment amount.

7. Acupuncture and chiropractic services provided through Landmark Healthplan of California, Inc. Copayments for chiropractic services, if applicable, do not contribute to the medical OOP maximum.

8. Percentage copayment amounts are based on WHA’s contracted rates with the provider of service.

9. The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the Individual with family amount or the family must meet the Family amount before benefits will apply for that member.
